

NURSING TOWN HALL

Presented by Chief Nursing Officer Mary Jo Andre

**THURSDAY,
OCTOBER 1, 2020
1:30 – 2:30 P.M.**

*Discussing COVID-19 response,
nursing quality outcomes, Joint
Commission plans and system updates*

**Texas Children's
Hospital®**

VIRTUAL EVENT

Due to the COVID-19 pandemic, we will be hosting the Nursing Town Hall differently this year. There will be no live event at the Pavilion for Women Conference Center as we have done in previous years.

Nursing Town Hall will be hosted virtually via Microsoft Teams Live to keep everyone safe and to ensure we maintain social distancing. You will receive a link (see livestream access below) to view the town hall. You do not need the Teams app to view the town hall. You can simply click the link and choose the “Watch on the Web Instead,” option to view the town hall livestream. There will also be a link to the on-demand recording of the town hall under the News section of the [Voice of Nursing](#) blog for those who were unable to attend the virtual event.

PRE-SUBMIT QUESTIONS

We encourage you to submit questions prior to the Nursing Town Hall. If you have a question that you would like to ask, please submit your question via email to: info@voiceofnursing.org. We will respond to as many pre-submitted questions as time permits during the town hall. All others will be responded to via individual email or the “Ask the CNO” feature on the Voice of Nursing blog. Your feedback is critical to helping us prioritize our initiatives and focus efforts on improving our processes and outcomes.

LIVESTREAM ACCESS

[Click here](#) to access the livestream broadcast of the Nursing Town Hall.
